Lab Skills: Tank set up and design, batch reactor design, materials characterization

Core Qualities: Fast learner, good listener, team player, hardworking and detail oriented

Languages: Fluent in French, English and Wolof

PROJECTS

DSNY Reuse Sector Assessment Project

Spring 2017 – Present

The research focuses on the conservation of reusable and recyclable products in New York City. The goal is to quantify the amounts of goods that New Yorkers reuse or recycle through second-hand businesses.

- I am involved in the gathering of data. I am responsible for calling businesses and confirming that they are registered as second-hand dealers.

EXPERIENCE

After School tutor, **Private employer, New York**

September 2014-October 2016

- Responsible for helping a 10 years old with his homework

Home health Aide, **Adult Care, Connecticut**

January 2014-July 2014

- Taking care of elderly people, hospital visits and primary care at home
